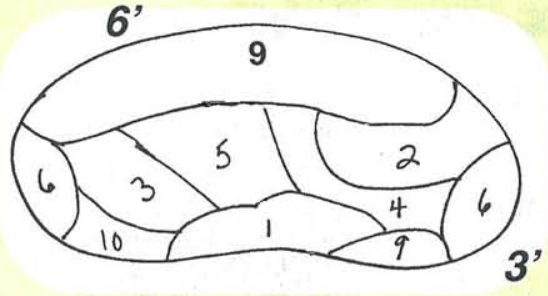
Old-Fashioned Annual Shade Garden

ONLY A FEW HOURS OF SUN A DAY?
These flowers will provide color in shade from late spring through fall.
To create this garden, you'll need one pkt each:

(1) **Viola** Conuta Mixed Colors
(2) **Balsam** Double Mixed Colors
(3) **Coleus** Rainbow
(4) **Impatiens** Dwarf Pink Baby
(5) **Impatiens** Dwarf Mixed Colors
(6) **Lobelia** Crystal Palace
(7) **Johnny Jump Up** (Viola)
(9) **Sweet William** Double Mxd Colors
(10) **Pansy** Swiss Giants Mixed Colors

Plants approx. 18 sq. ft. For larger garden, you'll need two packets of each.



TO PLANT: Start impatiens, coleus, ageratum & lobelia seeds indoors March 1 for earliest bloom. Outdoors in spring, dig garden area to 12" deep. Remove rocks & weeds. Smooth soil surface. Mark off planting areas. Plant sweet william, pansy, viola and johnny jump-up seeds; cover them following directions on each packet. Keep soil moist. When seedlings have 2-3 pairs leaves, thin as suggested. When all frost is over, plant balsam seed. Transplant impatiens, coleus, ageratum & lobelia to garden.

WATCH GROW: Weekly weeding and watering allows plants to grow and bloom their best. **ENJOY!**
